 - Charles and Beth Mosher stated that they had listened to the last Board of Health meeting on October 20, 2020 in regards to the Youth Sports League flag football appointment where a discussion and vote occurred on Youth and Adult Facial Covering Order. Charles Mosher was curious why the Board of Health became stricter with implementing local regulations mid-way through the flag football season. Beth Mosher was also curious to know whether the Health Agent informed all parents of the newly adopted regulations. T. Fahey explained that it is the duty of the Health Agent and the Board of Health to protect the health and well-being of West Newbury residents. One way to do that is to impose stricter regulations than what the state of Massachusetts has implemented in order to provide additional safety to the greater population and the children participating in a “close” contact sport.
