

West Newbury Energy Advisory Committee Meeting Draft Minutes  
12/2/20, 6:30 to 7:00 pm via Go To Meeting; attendees Chip Wallace, Elisa Grammer,  
Rick Parker and Liz Callahan

The WNEAC met to identify, in response to a request from the Selectmen and Town Manager, the WNEAC's priorities for the coming year. The identified priorities were:

1. organizing and holding an Energy and Environmental Fair to highlight information/resources for energy efficiency, renewables, and environmental topics/practices of general interest to town residents; and
2. moving forward in exploring/planning potential new solar PV developments at the municipal campus (i.e., canopy/rooftop solar) and/or at the Page School (adjacent/north of the softball field and playground).
