

## **Open Space Committee notes, 2-8-2006**

### **Attendees**

Anne Madden (chair)	Janet Thibeu
Don Bourquard	
Dawne Fusco	Mike Mokrzycki

The meeting was inadvertently posted for Feb. 1 rather than Feb. 8 so this was not a formal meeting. The committee informally discussed several subjects.

Don Bourquard discussed his attendance at the Open Space Network meeting. He said the main takeaway was that we need to work even harder than we have to liaison effectively with other boards/committees in town.

Dawne Fusco said the conservation restriction on the Kelly property (Whitegate OSRD subdivision) will be discussed at the next Conservation Commission meeting. Consensus of OSC members present was the committee won't seek to reopen the issue of trail easements in this development unless the OSRD needs to be revised from scratch.

There was brief discussion of the OSC's management planning/stewardship initiative, including a database-backed web site for maintaining information about town-owned sites of open space interest. Consensus was to keep this site simple – for instance, we probably won't need online input forms since the number of parcels involved is small. The committee will maintain a paper folder in its files for initial reports of members' visits to parcels of interest and from those we'll develop a database schema.

### **Upcoming meetings**

Wednesday, March 8, 7:30 p.m.  
Wednesday, April 12, 7:30 p.m.
