## **Discussion of Open Space Issues**

There was far reaching and broad discussion about many open space related issues facing the town. These included matters related to the Dunn, Craven, Page, Daley, Burnim, Knowles and other properties. There was also considerable discussion about the relationship between good planning and intelligent action. Some members of the community present wanted to know whether the Open Space Committee was taking a stand on the WHT proposal and were told that as of yet there was not a decision.

It was moved and voted unanimously the Secretary should relate to the members of the Planning Board that it was the sense of the meeting that the OSC respectfully requests the Planning Board to express its view of the depth and appropriateness of the planning process that went in to the WHT proposal for the Craven property at Town Meeting, as far as it is able to.

Adjournment was moved, seconded and voted unanimously at 10:03 p.m.

Respectfully submitted,  
Mickey Culver
