

RECEIVED  
TOWN CLERK  
WEST NEWBURY, MA  
2019 AUG 26 AM 8:38

-----  
There will be a meeting of the West Newbury Energy Advisory Committee this Wednesday, August 28, 2019 at 7 pm in the lobby of the of the Town Office building located at 381 Main Street in West Newbury.

The meeting agenda includes discussion of:

- \* revision/approval of minutes from last meeting (with Planning Board re: large ground mounted solar projects)
- \* the merits of potential uses for Green Community grant funds, including electric vehicle charging stations and replacement of street lights with LEDs
- \* topics for new energy saving hit webpage about Mass Save
- \* updating the FY19 data on savings from the town solar field when we have data
- \* completing/posting the three phase power map?
- \* new high school is to be LEED, but is it being built in a way to allow energy smart upgrades like solar, a switch to non-fossil fuel, etc? What would be a process for WNEAC to provide input on that, if any?
