Page School Playground Final Design Review Meeting

Wednesday, September 8, 2021 at 6pm by Zoom

Press Release
September 3, 2021

The Town of West Newbury, with Community Preservation Act funding authorized by Town Meeting in June 2020, will be replacing the outdated playground equipment behind the Page School. This project received overwhelming support by our residents with a focus on building a playground that would be available to users of all abilities.

We have prepared a final playground design and welcome all to review and comment. The plan is also available at the Community Preservation Committee's web site for review in advance of our meeting:

The Playground Designer, Colin Boutin from M.E. O'Brien and Sons, Inc. with our DPW Director will be presenting the design and will be able to respond to your feedback and any questions you may have. The presentation will take place virtually on Zoom at the link noted below.
