

# Notice

Date: August 22, 2019

Due to the potential presence of Cyanobacteria in Mill Pond. The Board of Health recommends that all humans, dogs, horses, etc. refrain from ingesting or having contact with the water until further notice.

Additional information on Cyanobacteria can be found at the following link.

<https://www.mass.gov/guides/cyanobacterial-harmful-algal-blooms-cyanohabs-water>

This notice is a precautionary measure to protect the public and its beloved pets & animals. No official testing or identification has been conducted.

Any questions and/or concerns can be directed to Paul Sevigny, Health Agent
