Attachment D – Prevailing Wage Sheet

**Briefing/Q&A (1910 Building, first floor hearing room 11:00 A.M)**

Christine Wallace initiated the briefing and Q&A session by giving a brief overview of the updates from the last site walk.

**Q. If cabling is part of the package, will this need to be prevailing wage?**

**A.** Per DLS, this work was a prevailing wage contract from the start. **Please see email from DLS, attached.**

**Q. Will all cables need to be replaced?**

**A.** Yes, all cabling will be replaced in the 1910 Building (Town Offices). There will be no new cabling in the library or Public Safety Complex.

**Q. Do old data and phone lines need to stay active until we cut over?**

**A.** Yes.

**Q. Does work need to happen outside normal business hours?**

**A.** No, we fully understand that there will be some disruption. We will work with the selected vendor on a schedule and can accommodate an early start (6 A.M), etc. Most Town staff leave at noon on Fridays.

**Q. Do we need to remove the old existing cables?**

**A.** Per the Building Commissioner Sam Joslin “Under the code there is not a requirement to remove low voltage lines. It is a good practice to remove any easily removable unused lines but again not required. Lines that are not low voltage (line voltage such as 110 or greater) do either need to be removed or terminate in an electrical box.”

Attachment A

**Q. Will permit fees be waived?**

A. Yes.

**Q. What happens if we already submitted a bid prior to this site walk and added cabling?**

A. You may submit a modification to your submitted bid by submitting the modifications in a sealed envelope clearly labeled "VoIP Phone System RFP – Modifications" to:

**West Newbury Town Clerk's Office  
381 Main Street  
West Newbury, MA 01985**

**Q. Do the phone and cabling need to be separate bids?**

A. Yes, please submit two bid sheets. Although it would be beneficial to select one vendor/team, the Town reserves the right to award a partial bid. Vendors may team up with other vendors to submit one complete bid.

**Q. Will patch cords be provided?**

A. Switch will be provided by vendor, patch cords for voice only provided by vendor.

**Q. Will we need to patch up any holes, painting, etc.?**

A. No, the Facilities Manager will take care of patchwork.

**Q. Will everything be on one rack?**

A. All data will be on one rack, no voice.

**Q. How many runs to the second floor?**

A. Two fiber runs to the second floor.

**Q. Will you be using all IP phones?**

A. Yes.

**Q. Will the rack be grounded?**

A. Yes.

**Q. Will there be an increase in the project budget to add the cabling?**

A. Yes, after proposals are received on April 24<sup>th</sup>, 2024, we will be proposing a supplemental increase to be voted upon at our Annual Town Meeting on April 29<sup>th</sup>, 2024.

**Q. Is the library and Public Safety Complex still needing phones and work done?**

A. Yes, those buildings do not need cabling so we did not include it in this site walk. Only the 1910 Building (Town Offices) needs cabling replaced and installed.

**Q. What do the red X's on the walls near the ports mean?**

A. The red X's indicate abandoned ports. We will NOT be using these. They will be covered with a regular wall plate.

**Q. Is cable molding OK?**

A. We would like to limit the appearance of cable molding. If you intend to use cable molding in ANY location, it must be approved by the Project Manager in advance.

Attachment A

**Q. If there is a location not being used, can we use it as a pull?**

**A.** Yes.

**Q. In the Annex, where would you like the data and the voice?**

**A.** We would like the access points (data) in the ceiling. The voice can remain on the wall. A wall phone can be placed in the Annex and one of the locations in the COA.

**Q. Is there a fire stop on the door going from the COA to the Annex?**

**A.** Yes, there might be a concrete wall making it hard to penetrate through. Follow all local codes to penetrate through fire walls.

**Q. How do we access the boiler room?**

**A.** The boiler room can be accessed from outside the Annex, near the housing apartments.

**Q. What Firewall does the 1910 Building (Town Offices) currently have?**

**A.** SonicWall.

**Q. What type of management level would you like for the phones?**

**A.** We would like to be able to do basic changes in house; extension changes, names, ability to change outgoing messages, etc.

**Q. Is the printer on the first floor remaining in the hallway?**

**A.** No, the printer will be moved to the mailroom.

**Q. Do we need to demo old lines?**

**A.** Per the Building Inspection, demo of old cabling is not required.

**Q. What type of flooring is on the first floor and attic?**

**A.** Hardwood flooring.

**Q. How do we access the attic?**

**A.** The attic can be accessed through a door in the ConCom office located on the second floor. The crawl space is approximately 3-4 feet, with blown in insulation.

**Q. Are Edgewater devices to be included in the quote?**

**A.** Yes.

**Notes:**

**Any interior OR exterior cabling runs using cable molding covers, MUST be approved by the Project Manager prior to any work being completed.**

Katelyn,

Thanks for your question.

The prevailing wage statute makes repeated references to "construction" and "construction of public works" which is defined by section 27D, G.L. c.149 as follows: Wherever used in sections twenty-six to twenty-seven C, inclusive, the words "construction" and "constructed" as applied to public buildings and public works shall include additions to and alterations of public works, the installation of resilient flooring in, and the painting of, public buildings and public works; certain work done preliminary to the construction of public works, namely, soil explorations, test borings and demolition of structures incidental to site clearance and right of way clearance; and the demolition of any building or structure ordered by a public authority for the preservation of public health or public safety. (Emphasis added.)

Generally, this includes new construction, renovation, repair, demolition, road or highway work, etc. of a public work by a public entity.

Typically, this will include construction of a public work involving an "addition and or alteration" of a building and/or site, construction of a building and/or site, site infrastructure work, surveying, repair or installation of building components, affixed to a building and/or site, removed from a building and/or site, repaired or replaced such as building and/or site energy management systems, plumbing / hot water systems, communication systems, asbestos removal, painting, etc., this would be defined as construction.

I would say that **installation of of a telephone systems within town buildings** would meet the definition of construction as discussed above, and prevailing wage would apply.

(Please note that this determination is confined to this particular situation and is based on the facts as presented to DLS. If those facts are incorrect or change, or if additional facts come to light, DLS' determination could change as well.)

I hope this helps.

Good morning,

The Town of West Newbury is hiring a contractor to install a new telephone system within three of our town owned buildings – would this be considered a prevailing wage job?

### Information about Prevailing Wage Schedules for Awarding Authorities and Contractors

- **The wage rates will remain in effect for the duration of the project, except in the case of multi-year public construction projects. For construction projects lasting longer than one year, awarding authorities must request an updated wage schedule no later than two weeks before the anniversary of the date the contract was executed by the awarding authority and the general contractor.** For multi-year CM AT RISK projects, the awarding authority must request an annual update no later than two weeks before the anniversary date, determined as the earlier of: (a) the execution date of the GMP Amendment, or (b) the execution date of the first amendment to permit procurement of construction services. The annual update requirement is not applicable to 27F "rental of equipment" contracts. **The updated wage schedule must be provided to all contractors, including general and sub-contractors, working on the construction project.**
- This wage schedule applies only to the specific project referenced at the top of this page and uniquely identified by the "Wage Request Number" on all pages of this schedule.
- An Awarding Authority must request an updated wage schedule if it has not opened bids or selected a contractor within 90 days of the date of issuance of the wage schedule. For CM AT RISK projects (bid pursuant to G.L. c.149A), the earlier of: (a) the execution date of the GMP Amendment, or (b) the bid for the first construction scope of work must be within 90-days of the wage schedule issuance date.
- The wage schedule shall be incorporated in any advertisement or call for bids for the project as required by M.G.L. c. 149, § 27. The wage schedule shall be made a part of the contract awarded for the project. The wage schedule must be posted in a conspicuous place at the work site for the life of the project in accordance with M.G.L. c. 149 § 27. The wages listed on the wage schedule must be paid to employees performing construction work on the project whether they are employed by the prime contractor, a filed sub-bidder, or a sub-contractor.
- Apprentices working on the project are required to be registered with the Massachusetts Division of Apprentice Standards (DAS). Apprentices must keep their apprentice identification card on their persons during all work hours on the project. An apprentice registered with DAS may be paid the lower apprentice wage rate at the applicable step as provided on the prevailing wage schedule. **Any apprentice not registered with DAS regardless of whether they are registered with another federal, state, local, or private agency must be paid the journeyworker's rate.**
- Every contractor or subcontractor working on the construction project must submit weekly payroll reports and a Statement of Compliance directly to the awarding authority by mail or email and keep them on file for three years. Each weekly payroll report must contain: the employee's name, address, occupational classification, hours worked, and wages paid. Do not submit weekly payroll reports to DLS. For a sample payroll reporting form go to <http://www.mass.gov/dols/pw>.
- Contractors with questions about the wage rates or classifications included on the wage schedule have an affirmative obligation to inquire with DLS at (617) 626-6953.
- Contractors must obtain the wage schedules from awarding authorities. Failure of a contractor or subcontractor to pay the prevailing wage rates listed on the wage schedule to all employees who perform construction work on the project is a violation of the law and subjects the contractor or subcontractor to civil and criminal penalties.
- Employees not receiving the prevailing wage rate set forth on the wage schedule may file a complaint with the Fair Labor Division of the office of the Attorney General at (617) 727-3465.

Additional Apprentices Information:

Minimum wage rates for apprentices employed on public works projects are listed above as a percentage of the pre-determined hourly wage rate established by the Commissioner under the provisions of the M.G.L. c. 149, ss. 26-27D. Apprentices ratios are established by the Division of Apprenticeship Training pursuant to M.G.L. c. 23, ss. 11E-11L.

All apprentices must be registered with the Division of Apprenticeship Training in accordance with M.G.L. c. 23, ss. 11E-11L.

All steps are six months (1000 hours.)

Ratios are expressed in allowable number of apprentices to journeymen or fraction thereof, unless otherwise specified.

\*\* Multiple ratios are listed in the comment field.
