## OTHER POSTEMPLOYMENT BENEFITS LIABILITY

### PURPOSE

To ensure fiscal sustainability, this policy sets guidelines for a responsible plan to meet the Town's obligation to provide other postemployment benefits for eligible current and future retirees. It is designed to achieve generational equity among those called upon to fund this liability and thereby avoid transferring costs into the future.

### APPLICABILITY

This policy encompasses OPEB-related budget decisions, accounting, financial reporting, and investment. It applies to the Board of Selectmen and Finance Committee in their budget decision-making duties, the OPEB-related job duties of the Treasurer/Collector and Town Accountant, and the investment duties of the Investment Policy Committee.

### BACKGROUND

In addition to salaries, the Town compensates employees in a variety of other forms. Many earn benefits over their years of service that they will not receive until after retirement. A pension is one such earned benefit. Another is a set of retirement insurance plans for health, dental, and life. These are collectively referred to as other postemployment benefits, or OPEBs. OPEBs represent a significant liability for the Town that must be properly measured, reported, and planned for financially.

### POLICY

The Town is committed to funding the long-term cost of the benefits promised its employees. To do so, the Town will accumulate resources for future benefit payments in a disciplined, methodical manner during the active service life of employees. The Town will also periodically assess strategies to mitigate its OPEB liability. This involves evaluating the structure of offered benefits and their cost drivers while at the same time avoiding benefit reductions that would place undue burdens on employees or risk making the Town an uncompetitive employer.

#### A. Accounting for and Reporting the OPEB Liability

The Town Accountant will obtain actuarial analyses of the Town's OPEB liability every two years and will annually report the Town's OPEB obligations in financial statements that comply with the current guidelines of the Governmental Accounting Standards Board (GASB). The Town Manager will ensure the Town's independent audit firm reviews compliance with the accounting and reporting provisions of this policy as part of its annual audits and reports on these to the Board of Selectmen.

#### B. Trust Management and Investment

The Town has established an OPEB Trust Fund and designated the Treasurer/Collector to be its trustee. The Treasurer/Collector, in consultation with the Investment Policy Committee, will manage the OPEB Trust Fund in conformance with the Town's OPEB Investment Policy included in this manual's appendix and the state's prudent investor laws.

Annually by December 1, the Board of Selectmen, Treasurer/Collector, and Investment Committee will analyze their option to invest the OPEB trust with the [State Retiree Benefits Trust Fund](#).

### C. Mitigation

On an ongoing basis, the Town will assess healthcare cost containment measures and evaluate strategies to mitigate its OPEB liability. The Town Accountant will monitor proposed laws affecting OPEBs and Medicare and analyze their impacts. The Treasurer/Collector will regularly audit the group insurance and retiree rolls and terminate any participants found to be ineligible based on work hours, active Medicare status, or other factors.

### D. OPEB Funding Strategies

To address the OPEB liability, decision makers will analyze a variety of funding strategies and subsequently implement them as appropriate with the intention of fully funding the obligation. The Town will derive funding for the OPEB Trust Fund from taxation, free cash, and any other legal form. To ensure that the Town's water enterprise fund remains self-supporting, the Water Commissioners will factor its proportional OPEB contributions into the setting of user fees.

Achieving full funding of the liability requires the Town to commit to funding its actuarially determined contribution (ADC) each year, which is calculated based on actuarial projections. Among strategies to consider for funding the ADC:

- Transfer unexpended funds from insurance line items to the OPEB trust fund.
- Appropriate amounts equal to the Town's Medicare Part D reimbursements.
- Determine and commit to appropriating an annual portion of free cash.
- Appropriate an annually increasing percentage of yearly revenues.
