CRANE POND WILDLIFE MANAGEMENT AREA
 West Newbury shares the state-owned Crane Pond Wildlife Management Area with neighboring Newbury, Groveland and Georgetown. Approximately 350 acres of the WMA lie within West Newbury. This land is comprised of wooded uplands, wetlands, and grasslands and provides an excellent mix of wildlife habitats. It is used by hunters during the fall hunting season and by hikers, wildlife observers, horseback riders, mountain bikers, cross country skiers, and snowmobilers.

West Newbury with a population of over 4,200 residents is located approximately 40 miles north of Boston, in Essex County. West Newbury is a delightful community characterized by rolling hills with broad valleys, open fields and an unspoiled rural charm. The Merrimack River, which flows along the northern border, provides scenic beauty and recreational boating.

The town is 14.7 miles and is near interstate highways I-95 and I-495 providing easy access for commuting and a jumping off point for travel to other places of interest throughout New England both north and south.

There are many hiking, horseback riding and cross-country skiing trails woven throughout the community.

In addition there are many organized youth programs which include baseball, lacrosse and soccer. Other members of the community use the tennis courts and basketball courts at Pentucket High School for which there is a special demand in the summer months. Some casual adult soccer teams are able to play on the many fields at Pipestave Hill.

West Newbury Riding & Driving Club maintains and uses the two horse rings and cross-country jump course at Pipestave and run regular events there each year.

We are a community proud of its past and energized by the prospect of a bright future.

HISTORY

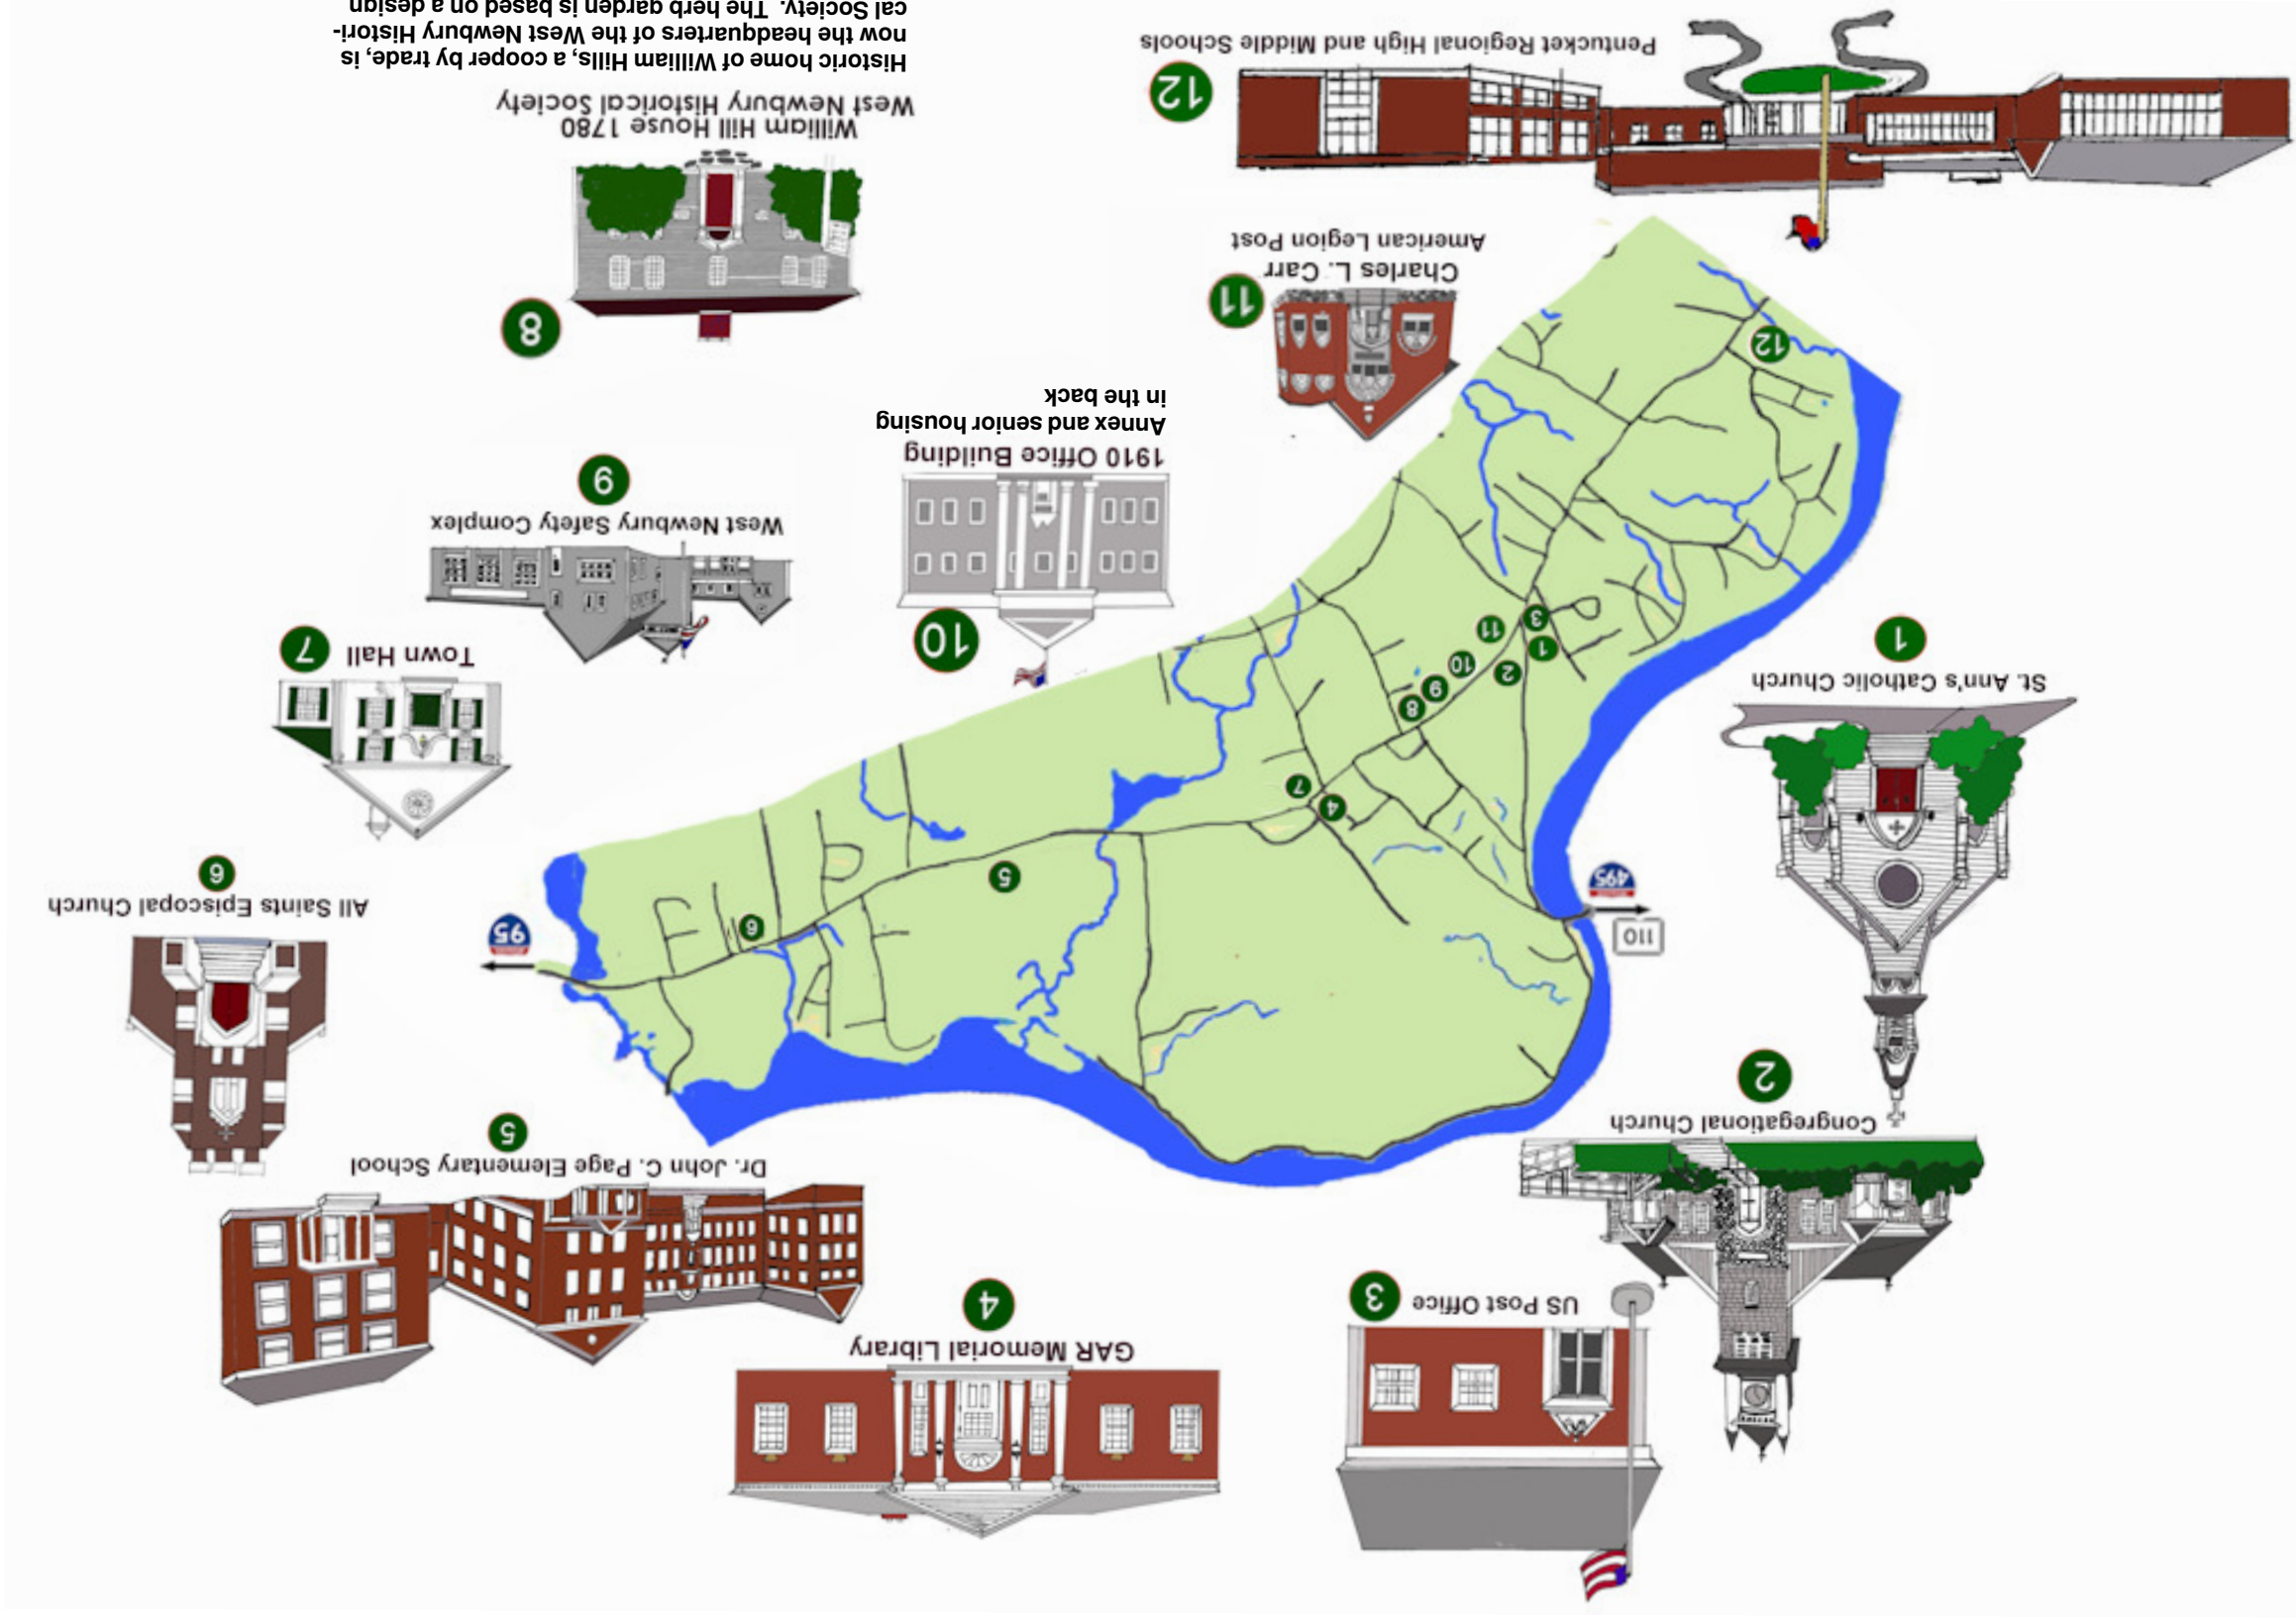

West Newbury's history as a town really began in 1635 when 23 men and their families, all from England, sailed through Plum Island Sound and up the Parker River, landing in Newbury.

The area that became West Newbury was totally a farming community until the late 1700s. Enoch Noyes began making horn buttons and coarse combs in 1759

Another local industry was shoe-making, which began with farmers making shoes for their families in little shops on their farms.

In 1794 the Rocks Village Bridge was built over the Merrimack River, replacing a ferry.
