Address: _____

Map and lot #: _____

Water Supply: Well _____ Town Water _____

Applicant: _____

address: _____

phone: _____

Owner: _____

address: _____

phone: _____

Engineer: _____

phone: _____

Botanist's name and address, if wetlands exist on lot within approximately 100 feet of perc site:

_____ This lot has never been tested and inspected for percolation

_____ This lot was tested and inspected on: _____

It is the responsibility of the applicant to hire an engineer to conduct the perc test, and to hire a backhoe operator. The boundaries of the lot and the wetlands should be flagged before the beginning of the perc test. The test takes approximately 4 hours per lot, and must prepay \$200 per new construction lot, and \$150 repair lot.
